

HIGH POWER HPRING

HIGH POWERFUL RING - 12 LEDS

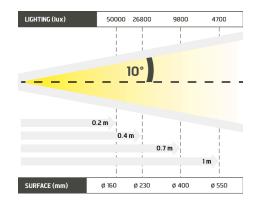

▶ LED RING LIGHT | ▶ MACHINE VISION APPLICATIONS | ▶ HIGH POWERFUL LED | ▶ DIRECT LIGHTING | ▶ QUALITY CONTROL WITH CAMERA | ▶ SOLID BODY

POWERFUL DIRECTIVE LIGHTING, ADAPTED TO MOST CAMERAS.

The HPRING is a solid ring, equipped with 12 high powerful leds, very useful for the directive lighting of a circular area. Among TPL Vision's products range, it definitely appears to be one of the most powerful lightings. At a distance of 1m, the standard version of the HPRING can light up a circular area of 550mm. Its large internal diameter make it compatible with the largest camera's objectives. The HPRING reveals all its potential in the field of robotics (for example, to locate the products during the packaging process) and also in the field of quality control.
